## COOPERATIVE SOLAR PROGRAM AGREEMENT

Member Name: \_\_\_\_\_ Phone No.: \_\_\_\_\_

Mailing Address: \_\_\_\_\_ Email Address: \_\_\_\_\_

### Cooperative Solar Program Terms and Conditions:

The Member hereby requests a subscription in CHELCO's Cooperative Solar Program (CSP) for a solar array tentatively to be built at CHELCO's Operation Center. Pending construction of the solar array, Member billing for CSP will begin the first full calendar month after construction completion. If there is not sufficient member interest in the CSP, the array will not be constructed, and this agreement shall terminate upon written notice to the member, and CHELCO shall have no responsibility for supplying the Member with solar energy. This project is called Solar Project A, and CHELCO's RESIDENTIAL SERVICE—SOLAR BLOCK A tariff applies to this project.

### Eligibility

To be eligible to participate in the CSP, a Member's account shall not be enrolled in Prepay Billing or Time of Use Billing and does not have a Residential Interconnection Agreement. The Member understands that participation in the CSP may limit available billing services such as time of use and prepaid billing to the participating account(s).

### Participation Terms

Member agrees to participate in CSP for a one year (12 months) or a five year (60 months) contract period. Member understands and agrees that all rules and of CHELCO member ship apply to this energy purchase and that by choosing to exit the program at any time, Member must wait 12 months before becoming eligible to participate again. If Member opts out of a solar subscription for any account, Member relinquishes all prior rights to block(s) being subscribed to. Those block(s) will be made available to other members for subscription. The Member understands and agrees that should they exit participation without moving off of CHELCO's lines and prior to the expiration of contracted term, they will pay the monthly subscription rate for the remaining months of the contract term or a flat fee of \$100, whichever is less. If Member moves but remains on CHELCO lines, the contract obligation as hereunder shall be transferred to the members account for the new location.

### Contract Term Pricing and Energy Production

The monthly cost for one (1) block of solar energy will be determined by the Residential Service-Solar Block A Rider. Each block represents the energy output of approximately 1.305 KW AC from the CSP. The total electrical output from the solar project(s) will fluctuate due to seasons and weather. Participating Members will be billed a flat rate monthly for the block(s) of solar energy requested. The applicable term rate for this contract will be:

- One-year (12 months) \$27.50 per month/per block
- Five years (60 months) \$26.00 per month/per block

The Member will pay the normal rate for all non-solar kWh. The actual kilowatt-hours produced by a Member's block(s) in each billing period will not be billed for energy charges (\$.05347 at the time this contract was signed) or the wholesale power costs for those kilowatt-hours. The Member's account billing statement will indicate the energy produced by the block(s) during the previous calendar month. It is estimated that each block will produce an average 208 kWh monthly during the initial five years. Members are encouraged to subscribe to no more than 50 percent of the consumption on their lowest monthly electric bill. If Member's account becomes disconnected due to an outstanding balance, CHELCO reserves the right to terminate this contract.

### Cooperative Solar Rider

Member acknowledges that they have received and read a copy of CHELCO's "RESIDENTIAL SERVICE—SOLAR BLOCK A" tariff.

### Availability

Blocks are offered on a first-come, first-serve basis. CHELCO members may purchase one block per account through September 15, 2017 and up to three blocks after September 15, 2017. In the event no blocks are available, members may be placed on a waiting list.

**Please indicate below the number of blocks you wish to subscribe to along with the appropriate account numbers.**
