

NAME OF UTILITY           CHOCTAWHATCHEE ELECTRIC COOPERATIVE, INC          

## GENERAL AREA LIGHTING SERVICE

SCHEDULE ODL-GA

AVAILABILITY – Available throughout the area served by the Cooperative where the customer has an existing service.

APPLICABILITY – Applicable to all customers who require one or two lights for illumination of lots, driveways, yards and other outdoor areas. Under certain circumstances, where lights are located in areas that are inaccessible to the Cooperative, customers requiring more than two lights may be served under this rate schedule.

CONDITIONS OF SERVICE – The Cooperative will provide, own and maintain the lighting equipment, as hereinafter described, and will furnish the electrical energy to operate such equipment. Service hereunder includes regular maintenance and lamp replacement, but not vandalism. Service may be discontinued at the option of the Cooperative if vandalism costs are not reimbursed by the member. Service under this rate schedule will be available on an automatically controlled dusk-to-dawn every night schedule. Service is available only to the types of lighting units specified herein. The Cooperative does not warrant or guarantee that the service provided hereunder shall meet any lighting standard, including, but not limited to, the location of the facilities and the illumination provided. Neither does the Cooperative guarantee or insure continuous and uninterrupted service. The Cooperative reserves the right to interrupt service at any time for necessary repairs to lines or equipment whether directly or indirectly associated with the service provided hereunder.

LIMITATIONS – Subject to all of the rules and regulations of this tariff and general rules and regulations of the Cooperative. Standby and resale service not permitted.

TERMS OF PAYMENT – See “Terms of Payment” on Sheet No. 21.0 Terms of Payment (2017).

TAXES – See “Tax Adjustments” on Sheet No. 19.0 Tax Adjustments - Tax 1990 .

MONTHLY ELECTRICAL ENERGY CHARGE – See “Monthly Electrical Energy Charge” on Sheet No. 17.5 - 17.6 Electric Energy Charge for Outdoor Lighting

MONTHLY FACILITY CHARGE – See “Monthly Charge for Facilities” on Sheet No. 17.0 - 17.1 Outdoor Lighting Service - Schedule OL

TERMS AND CONDITIONS – ODL – GA    GENERAL AREA LIGHTING

1. Cooperative will furnish and install the lighting unit complete with lamp, fixture or luminaire, and control device, on an existing pole. The Cooperative disclaims all warranties, express or implied, including any implied warranties or merchantability, fitness for use, fitness for particular purpose, or the adequacy, sufficiency, or appropriateness of the lighting system for purposes of safety, security or other illumination.
2. The above rates contemplate installation on an existing pole in the Cooperative’s system. If the location of an existing pole is not suitable for the installation of a lighting unit, the Cooperative will install any additional poles with up to 100 feet of conductor for the support of such unit at the price specified in the tariff. If additional facilities (such as an additional transformer) or expenditures are required, including any additional cost to break pavement or remove rock, the customer shall make a non-refundable cash contribution equivalent to the excess costs. The Cooperative may decline to install equipment and provide service in locations deemed by the Cooperative to be unsuitable.
3. All lighting units and conductors installed in accordance herewith shall be the property of the Cooperative, and the Cooperative shall have access to the same for maintenance, inspection and all other proper purposes. The Cooperative shall have the right to make other attachments to the poles and to further extend the conductor installed in accordance herewith when necessary for the further extension of its electric service.
4. If any permit is required from municipal or governmental authority with respect to the installation and use of any of the lighting units served hereunder, it will be the responsibility of the customer to obtain such permit.
5. The customer shall be responsible for reporting outages and other operating faults, and the Cooperative will undertake to service the lighting equipment within the time required by Florida Statute after such notification by the customer, except in the case of major weather related or other catastrophic events. In cases where access to the light is inhibited, the customer must make arrangements for the Cooperative to gain access to the light before the light can be serviced.
6. The customer will exercise proper care to protect the property of the Cooperative on his premises, and in the event of loss or damage to the Cooperative’s property arising from the negligence of the customer, the cost of the necessary repair or replacement shall be paid by the customer. The Cooperative may decline to install equipment and provide service in locations where, in the Cooperative’s judgment, such equipment will be subject to unusual hazards or risk of damage.

7. The Cooperative shall have the right at any time to discontinue service for non-payment of bills or other causes set forth in its General Rules and Regulations. Upon permanent discontinuance of service, lighting units and other equipment will be removed.
8. Before agreeing to install lighting units, the Cooperative may require reasonable assurance that the interest of the applicant for service will continue for a minimum (2 year) period or that the service will be continued by another party after the interest of the original applicant has terminated.
9. The customer shall not attach any additional electricity using devices or other customer owned equipment (such as signs or sporting equipment) to the poles or fixtures.
10. Relocation of outdoor lights is permitted, provided the member pays to the Cooperative the actual cost of relocating the light, with the minimum charge being \$75.00.
