

## **CHELCO offers both residential and development lighting.**

Whether you are a homeowner needing additional lights on your home or property; or, a developer or an HOA wanting attractive lighting to increase the appeal of a subdivision, we have a solution for you. Our lights are effective, attractive and reasonably priced. CHELCO installs and maintains the lights providing reliable lighting where you need it.

**Please see our lighting selection below. To inquire about our lighting program, please call (850) 892-2111 and ask for our lighting specialist.**

## **Outdoor Lights**

CHELCO offers two models of outdoor lights designed to bring the right amount of illumination to your property. The Caretaker LED light provides a soft pool of light for \$6.11/month while the 400 Watt Flood light provides bright illumination for \$14.06/month. If needed, wood poles are available for lease. Lighting charges will be applied to your monthly electricity bill.

**Caretaker**  
\$6.11/month

**400 Watt Flood**  
\$14.06/month

## Decorative Community Lighting

CHELCO offers decorative and street lighting options for developers and HOAs. Our selection provides the benefit of efficient lighting without sacrificing the need for style.
